Objectives			
1	Update of 'time to biologic initiation" project		

Items	
Update of 'time to biologic initiation" project	<p>An update of the "Cost-effectiveness of time to biologic initiation to treat severe asthma patients" project was provided to the group.</p> <ul style="list-style-type: none"> There has been difficulty calculating time to biologic initiation using proxies. Exacerbations and OCS data have still not been provided by ISAR.
Action Points	<ul style="list-style-type: none"> The variable for 'Time to biologics' will be calculated. These will be used in the model when exacerbations / OCS data have been provided. The WG will meet again to discuss the results of the model. A possible expansion of CRITIKAL (inhaler error) project will be discussed in future.
